

I performed many mitzvot, including *הגדה* *ה'תשנ"ח* which is the telling about the Exodus.

At the Passover Seders we retold the Passover story with songs and stories. We also ate the food on the seder plate that symbolize different things about Passover. I also performed the mitzvot of remembrance *זכרון*. I observed Yom Hashoah and lit the yellow candle and said the Mourner's Kaddish to remember the 6 million. I also stayed home from school on the last two days of Passover for Yom Tov and at services we ~~also~~ did Yizkor for remembering our prede- ones.

For Passover I also ate matzah for the whole holiday and when Passover was *ה'תשנ"ח*

over we had ^{a lot of} "Chometz"!
